Geometric

Dimensioning and

Tolerancing

Professional ...

Geometrics is the science of specifying and tolerancing the shapes and locations of features on objects. Once the shape of a part is defined with an orthographic drawings, the size information is added also in the form of dimensions.

File Type PDF

Geometric

Dimensioning a

drawing also identifies the tolerance (or accuracy) required for each dimension.

Applications

Dimensioning and Tolerancing - School of Engineering

Geometric tolerancing reading helps to understand to specify and control the form, location and orientation
