## **RWB2 Programmer Installation Instructions - Siemens**

Zone Valve System When the RWB2 is used as a direct replacement no re-wiring is necessary, (except in the case of the RWB2 BACKPLATE RWB20 when a neutral will be required, if one is not present). Page 2 Push the bottom of the case towards the wall, slotting the two backplate screws into the bottom of the case, and tighten the screws. This enables the contacts in the unit to engage with those in the backplate.
